

Awards: From Sketches to Final Presentation

Challenge:

- To create a unique and custom award from just a idea to a sketch
- Source materials, decorating techniques to exceed quality standards
- To maintain and provide individual proofs that could have over 800 unique combinations of details and still have a less than 1% defect rate

TESTIMONIALS

From Jacqueline --

The goods received were of the quality I expected. No, they were not. The goods (awards) received were beyond our expectations. The quality of the awards surpassed our expectations. We received the prototype in a timely manner and the actual awards were shipped and delivered on the date provided.

From Cheryl --

Margot always takes care of me! She goes out of her way to meet Honda's requirements.
